OVERVIEW

“Intervalli” is a work in which memories have been woven back together and, weft after weft, a personal textile language has taken shape. Within its modular structure, each “interval” expresses its own uniqueness. Colour has an essential quality, while the irregularities of the silk fibres tell stories. Each colour holds a meaning, connecting the earth to the canopy of the trees, while golden reflections bring to life a kind of ancestral code.

CARE & WARRANTY

Annual cleaning is recommended. Vacuum gently at low power, always protecting the textile with a soft mesh. Dust the 24-karat gold threads with a soft natural-bristle brush. To refresh the colours, lightly spray a solution of water and vinegar (5:1), protecting the gold elements and avoiding excessive wetting of the textile.
