## OVERVIEW

Folded fabric strips fixed with hidden pins, set within a hand-worked recycled iron frame. Each fold is shaped and placed one by one entirely by hand, giving every piece its own quiet rhythm and texture — no two works are ever truly identical. The result is a tactile, sculptural surface that catches the light differently from every angle, a reminder of the slow, deliberate gesture behind its making.

## DIMENSIONS & WEIGHT

Dimensions: **49 x 10 x 49 cm**

Weight: approx. 11,5 kg.

## MATERIALS

untreated fabric/pins/recycled iron

## COLOR

unbleached.

**Please note**  
the recycled iron frame's colour may appear slightly different in real life compared to these photos. Its natural patina reflects light in subtle, uneven ways, so small variations in tone are part of its character rather than a flaw.
